421PS / 310KW @ 2200RPM / EU Stage 5

FUEL TANK CAPACITY: 400 LITRES (AD BLUE: 20 LITRES)

MACHINE WEIGHT: 24740KG

PAYLOAD: 20000KG

MAX TRAVEL SPEED: 11.2KPH

GROUND PRESSURE (UNLOADED): 6.5 PSI

GROUND PRESSURE (LOADED): 11.8 PSI

TRACK WIDTH: 850MM • SLEW RADIUS: 3200MM

DUMP BODY CAPACITY (STRUCK): 7.8M³

DUMP BODY CAPACITY (HEAPED): 10.25M³

The MST4000VDR is our largest tracked dumper. With its massive 20000 kg payload, this impressive machine will make short work of any task. The all round view monitor allows you to check 360° from above with HGV style offside camera fitted as standard, also with the Human Form Recognition (HFR) system available.

A large LED headlight installed on the upper part of the cabin makes it safer to work at night. With electric control travel lever introduced, integrating the horn and low/speed switching. The driving posture has been improved to reduce operator's fatigue. Intuitive operation made possible, using only the left-hand joystick for driving.

FEATURE ICONS
